Præhistorica Leidensia 43/44

In 2012 it was 50 years ago that the initial independent core of the Faculty of Archaeology was founded. On the occasion of this 50th anniversary the Board of the Faculty of Archaeology has asked the editors of the Analecta Praehistorica Leidensia to produce a special volume of Analecta and open its pages not only for Prehistoric research but to all Archaeological disciplines.

Eyserheide

A Magdalenian Open-Air Site In The Loess Area Of The Netherlands And Its Archaeological Context

Eelco Rensink | 2011

€ 34,95 | ISBN: 9789081810906

Format: 210x265mm Paperback | 276 pp. |

Language: English | 79 illus. (bw) | 38 illus. (fc) |

Category: archaeology, palaeolithic, Magdalenian |

Analecta Praehistorica Leidensia 42

This volume reports on the results of the excavation of a Magdalenian open-air site near Eyserheide in the loess-covered hills of the southern Netherlands. The monograph addresses in a comprehensive way a variety of, often closely interrelated subjects relevant to the study of Late Upper Palaeolithic hunter-gatherers in Northwestern Europe.

Between Foraging and Farming

Harry Fokkens et al.(eds)| 2008

€ 29,95 | ISBN: 9789073368231

Format: 210x265mm Paperback | 286 pp. |

Language: English | 60 illus. (bw) | Category: archaeology, prehistory | *Analecta Praehistorica Leidensia* 40

Between Foraging and Farming is *liber amicorum* for prof. Leendert Louwe Kooijmans, former dean of the Faculty of Archaeology, Leiden University. Neolithisation has been Louwe Kooijmans' research field since the nineteen-sixties and that is the reason why the topic of this book is the Meso-Neo transition. Twenty-three researchers contributed to this volume.

Excavations at Geleen-Janskamperveld 1990/1991

Edited by Pieter van de Velde | 2007

€ 29,95 | ISBN: 9789073368224

Format: 210x265mm Paperback | 278 pp. |

Language: English | 60 illus. (bw) | 15 illus. (fc) | Category: archaeology, prehistory, neolithic, LBK, Bandkeramik settlement | *Analecta Praehistorica Leidensia* 39

The University of Leiden excavated an almost complete 7000 year old prehistoric village once inhabited by the very first farmers in this part of Europe. This volume is the publication of the results of the 1990 and 1991 excavations and following research.

Schipluiden

A neolithic settlement on the Dutch North Sea coast
c. 3500 CAL BC

Leendert P. Louwe Kooijmans & Peter F.B.

Jongste (eds) | 2006 (reprint 2013)

€ 74,95 | ISBN: 9789088902086

Imprint: Sidestone Press | Format: 210x265mm

Paperback | 516 pp. | Language: English | 91 illus. (bw) | 239 illus. (fc) | Category: archaeology, prehistory, wetlands, neolithic | *Analecta Praehistorica Leidensia* 37/38

The Schipluiden site is a unique document for a crucial phase in the neolithisation process of the Lower Rhine Area. The site, situated on a low coastal dune, now 3m below sea level, dates to c. 3500 BC and was fully excavated by a large multidisciplinary team. All evidence together allows a detailed synthesis of a community in the delta environment on the threshold to a fully Neolithic way of life.

Beyond the Site

The Saalian archaeological record at Maastricht-Belvédère (the Netherlands)

Dimitri De Loecker | 2006

€ 39,95 | ISBN: 9789076368122

Format: 210x265mm Paperback | 341 pp. |

Language: English | 121 illus. (bw) | 33 illus. (fc)

| Category: archaeology, middle palaeolithic, early hominids, Neanderthal | *Analecta Praehistorica Leidensia* 35/36

Between 1980 and 1990, the former Belvédère gravel- and loess pit was given specific attention due to the discovery of in situ Middle Palaeolithic artefacts and faunal remains, in the Saalian and Weichselian strata. These discoveries led to further, systematic excavation of the site by Leiden University, resulting in the documentation of a number of areas where Middle Palaeolithic foragers discarded their flint tools

Sacrificial Landscapes

Cultural biographies of persons, objects and 'natural' places in the Bronze Age of the Southern Netherlands, c. 2300-600 BC

David Fontijn | 2002

€ 34,95 | ISBN: 9789088902154

Format: 210x265mm Paperback | 393 pp. |

Language: English | 108 illus. (bw) | Category:

bronze age, archaeology, ritual, depositions | *Analecta Praehistorica Leidensia* 33/34

One of the most puzzling phenomena of the European Bronze Age, is that many communities buried or otherwise hid large numbers of valuable bronze objects, but never returned to retrieve them. This book focuses on the metal finds of one small European region, the southern Netherlands and the adjacent part of North Belgium.

Native Neighbours

Local settlement system and social structure in the roman period at Oss (the Netherlands)

Dieke A. Wesseling | 2000

€ 34,95 | ISBN: 9789073368170

Format: 210x265mm Paperback | 270 pp. |

Language: English | Category: archaeology,

Roman archaeology, settlements | *Analecta Praehistorica Leidensia* 32

Since the Bronze Age, and possibly even before that, people occupied the area around Oss. They built timber farmhouses, worked fields, herded cattle, and buried their dead. They also worshipped gods and had contacts with people from other regions. The main object of study is the structure and the development of four rural settlements, excavated between 1976 and 1992.

Hunters of the Golden Age

The mid upper palaeolithic of Euroasia 30,000-20,000 BP

Wil Roebroeks et al. (eds) | 1999

€ 39,95 | ISBN: 9789073368163

Format: 210x265mm Paperback | 400 pp. |

Language: English | Category: archaeology, prehistory, palaeolithic, Neanderthals, pleistocene

| *Analecta Praehistorica Leidensia* 31

The period 30,000 to 20,000 BP can be aptly called the 'Golden Age' of hunter gatherers for a variety of reasons, spelled out in great detail by the 37 contributors to this impressive volume. In this period we find the first unambiguous burials after the Middle Palaeolithic, the earliest bona fide habitation structures and an unprecedented sophistication in raw material requirements which involved provisioning strategies over hundreds of kilometres.

The Ussen Project

The first decade of excavations at Oss

Edited by Harry Fokkens | 1998

€ 39,95 | ISBN: 9789073368149

Format: 210x265mm Paperback | 400 pp. |

Language: English | Category: archaeology, prehistory, bronze age, iron age | *Analecta Praehistorica Leidensia* 30

This book is the result of almost 25 years of research in the Oss region. The present volume contains a final report by Kees Schinkel on the prehistory (Neolithic, Bronze Age and Iron Age) data obtained in the Ussen project. Wijnand van der Sanden analyses the funerary and related structures found at Oss-Ussen. The contributions by Bakels and by Lauwerier and IJzereef deal respectively with the seeds and fruits from the Iron Age and the livestock from the Iron Age and Roman period.

Ideology and Social Structure of Stone Age Communities in Europe

Also including: Wateringen 4 & Acquiring a taste

Annelou van Gijn et al. (eds) | 1997

€ 29,95 | ISBN: 9789073368118

Format: 210x265mm Paperback | 210 pp. |

Language: English | Category: archaeology, prehistory, neolithic, social structure, neolithisation

| *Analecta Praehistorica Leidensia* 29

This volume focusses on the questions of social structure, social organisation and ideology of hunting and gathering and early farming communities in the stone age are becoming increasingly central to our understanding of these societies and of their transformations. This realisation has provoked a lively debate on the subject in recent publications.

Interfacing the past

Sixty two papers presented at the CAA conference at Leiden in 1995, grouped into six main sections: Data management; Archaeometry; Statistics and Classification; Geographic Information Systems; Visualisation; Education and Publication. Published as a two-volume book.

The Earliest Occupation of Europe

Proceedings of the European Science Foundation Workshop at
Tautavel (France), 1993

Wil Roebroeks & Thijs van Kolfschoten (eds) |
1995
€ 39,95 | ISBN: 9789073368071
Format: 210x265mm Paperback | 543 pp. |
Language: English | Category: archaeology,
prehistory, palaeolithic, Neanderthals, pleistocene |
Analecta Praehistorica Leidensia 27

This collection of papers arises from a meeting of distinguished scholars at Tautavel in 1993. The aim was to discuss and review the evidence for the earliest occupation of different European regions, from Scandinavia to the Mediterranean and from the United Kingdom to the Russian Plains and including neighbouring areas such as the Caucasus and Northern Africa.

Die Aufgabe der hier vorgelegten Arbeit war es nun, die botanischen Grossreste (verkohlte Samen, Früchte, Hölzer) von zehn Siedlungsplätzen der Zeit der Ältesten Bandkeramik Deutschlands und Österreichs zu bestimmen.

The Wear and Tear of Flint

Principles of Functional Analysis applied to Dutch Neolithic Assemblages

Annelou van Gijn | 1989

€ 29,95 | ISBN: 9789073368026

Format: 210x265mm Paperback | 182 pp. |

Language: English | Category: archaeology, prehistory, neolithic, lithic research, usewear analysis | Analecta Praehistorica Leidensia 22

The primary objective of this project was to assess the possibilities of microwear analysis for Dutch flint assemblages. Archaeological investigations included those pertaining to form and function (i.e. would it be possible to predict function on the basis of certain morphological characteristics?) and a study of the economic activities carried out at the various sites.

From Find Scatters to Early Hominid Behaviour

A Study of Middle Palaeolithic Riverside Settlements at Maastricht-Belvédère (The Netherlands)

Wil Roebroeks | 1988

€ 29,95 | ISBN: 9789073368019

Format: 210x265mm Paperback | 175 pp. |

Language: English | Category: archaeology, prehistory, palaeolithic, lithic research, early hominids, Neanderthals | Analecta Praehistorica Leidensia 21

The aim of this volume was to study the remains of human activities during the last and penultimate glaciation and the deposits containing archaeological finds. This second report describes the geology of the site, the finds and sites, the palaeoenvironmental and dating evidence and the implications of all these data for the interpretation of hominid behaviour in the Middle Palaeolithic.
